INTERDIVISIONAL REQUEST								

INFORMATION:

Note 1: Contact Special Operations Manager, Eric Swanson 630-205-0441

In the event of large scale flooding Area Command should be established by a non stricken Chief along with the IMAT Team

Stricken departments regardless of size need to funnel request through Area Command

MABAS MRC has a water response trailer with 6 inflatable boats, also has 2 trailers with 2 additional boats each.

All responding divisions should bring boats and equipment for swiftwater/flood rescue.

Consider Bellwood Bus for Rehab, UASI Command Van, Polaris Vehicles and Light Towers.
