

---

7. Why is it necessary to send fire equipment on a medical emergency call? Are you unnecessarily wearing out equipment and increasing traffic dangers?

8. What can be done to reduce fire alarms on carbon monoxide detectors? (Are they worth the trouble?)

9. Should the fire department be called to get cats out of trees and dogs out of sewers?

10. Should fire education and prevention be handled by civilians and teachers or should uniform firefighters be paid to do this?
